# Area 51 Delegate's Beaming Beacon

## Concept 8

The trustees are the principal planners and administrators of overall policy and finance. They have custodial oversight of the separately incorporated and constantly active services, exercising this through their ability to elect all the directors of these entities.

The Trustees have 2 primary responsibilities. They plan, manage and execute large matters of overall policy and finance and they oversee both of our corporations, AAWS and the Grapevine. By delegating to the two corporations of AAWS and the Grapevine the responsibility of managing those services, the GSB has the ability to focus on larger matters of overall policy and finance. They guarantee good management as opposed to being micro-managers. Trustees can wear 2 hats. Some serve on the 2 corporate boards along with serving on the GSB. This ensures custodial oversight for the wellbeing of AA.
